Details

Our best selling cycle enclosure, comes with the best all-round features to suit any environment. Mild steel shelter with bolt-down fixing. Shelter available in a galvanised or polyester powder coated RAL code colour finish. Anti-vandal clear polycarbonate roof, with optional polycarbonate sides and swing or sliding gates. Comes with optional cycle parking, galvanised bike stands. Specification Optional end polycarbonate panels

Optional Cycle parking bike stands, galvanised Includes assembly bolts, expanding foundation bolts for concrete plinth and arrangement drawing for assembly No climb end frames with anti-vandal PET panels No-crawl under perimeter Complies with secure storage as required by the Code for Sustainable Homes 50mm box tube Hot dipped galvanised or polyester powder coated to BS EN ISO 1461:1999 standard finish. Any RAL code colour. Cycle Shelter comes with adjustable overground fixing feet Built-in solar LED lighting (optional) - for added security and a feeling of safety, the solar panelled built-in LED light is a simple way to help cyclists feel at ease during the dark winter months. Gate closing gas strut (optional) - this ensures gates are securely closed behind cyclists as they enter and exit the enclosure. Single units can be placed alongside or opposite each other, to form larger cycle storage areas. Cycle Shelters and Bike Enclosure come with latch and coded padlocks. Optional lock with 2 keys Or ask us about our swipe card ID locking system This bike shelter can help contribute towards gaining ENE8 Cycle storage credits when used in the appropriate situation, under the Code for Sustainable Homes
